

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Monroe Moss
DOCKET NO.: 04-21982.001-R-1
PARCEL NO.: 14-05-106-010-0000

The parties of record before the Property Tax Appeal Board are Monroe Moss, the appellant, by attorney Julie Realmuto of McCarthy and Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 94-year old, two-story style dwelling of masonry construction containing 2,750 square feet of living area with a full, finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration four comparable properties described as two-story or three-story masonry dwellings that range in age from 90 to 97 years old. One of the comparables has a full, finished basement, and three have full, unfinished basements. The comparables contain from 2,396 to 3,437 square feet of living area and have improvement assessments ranging from \$8.36 to \$9.70 per square foot. The subject's improvement assessment is \$13.84 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story masonry dwellings that are 90 or 95 years old. Two of the comparables have full, finished basements, and two have full, unfinished basements. The dwellings contain from 2,258 to 2,694 square feet of living area and have improvement assessments ranging from \$13.98 to \$14.94 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	5,280
IMPR.:	\$	38,052
TOTAL:	\$	43,332

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

Although all of the comparables submitted were similar to the subject in age and exterior construction, the Board finds that the comparables numbered one and two by the board of review were the most similar to the subject in design, size, and basement treatment. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of \$13.98 and \$14.04 per square foot of living area. The subject's improvement assessment of \$13.84 per square foot of living area falls below these properties. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
